

Multi-purpose Wash Cloth For the kitchen or the shower.

By Ana Rodriguez.

This is a super simple yet very useful gift for everyone.

It is a knitted Wash Cloth made with your favorite yarn (you may want to use something soft like cotton or acrylic yarn would do) .

The idea is to knit the Cloth itself with a little crochet ear at the end. Then 'crunching' it together into a puff and putting a bar of soap inside (preferably wrapped, they just need to get the idea that it's for washing) and tied up with a bow that has been interwoven in the cloth.

Our most popular gift idea and an original from Joanne.
